

# Makeup

## Step One - Cleanse

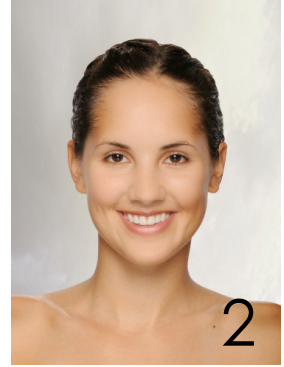

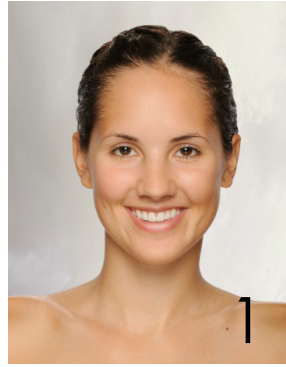

Clean (cleanse) and Moisturize face.

## Step Two - Foundation

Apply foundation to the entire face.

## Step Three - Concealer

Apply concealer under eyes and on any 'blemishes' or dark circles under the eye.

## Step Four - Blush

Apply Blush to Apples of cheeks

## Step Five - Powder / Bronzer

Apply Power / Bronzer to entire face

## Step Six - Eyeshadow

You will need three different shades of brown / Natural Coloured Eyeshadow

Lightest Colour

This is the base, apply on the entire eyelid from the lashes till the bottom of the brow

Medium Colour

This is the to be applied just above lashes upwards until the top of the socket.

Dark Colour

This is to be applied on the line between the socket and the bone

This should leave a result like this:

WARNING: The result of this stage often leaves model looking slightly 'funny' but don't stress because the following steps add the finishing touches!

## Step 7 - Eyeliner

Eyeliner is applied along the top lashes and flicked out to the bone angled towards the eyebrow.

Eyeliner is also applied underneath the eye, from the outwards corner half way towards the inwards corner.

## Step 8 - Mascara

## Step 9 - Lipstick!
