

# STREETCHEER 2018

## Recreational Cheerleading Classes @ Cheer Geelong!

StreetCheer is Cheer Geelong's recreational program provided by StreetCheer Australia. Athletes in this program attend one session each week, providing a great introduction to the skills of cheer & dance with our accredited & award winning coaches! This class is great for those wanting to participate at a recreational level but also prepares athletes for our performances & is an ideal lead into the competitive program! StreetCheer athletes will learn stunting, tumbling, jumps and dance skills, and are welcome to take on extra technique & tumbling classes. They will also have the opportunity to take part in community events during the year and our Cheer Geelong Mid & End of Year Display Days.
